

July 13, 2020

Dear Parents:

We would like to thank you for your prompt response to our request regarding your child care needs that was sent out on July 7, 2020. This information is critical as we are developing our re-opening plan.

As many of you may be aware, on July 13, 2020, Governor Newsom released an update that Riverside County, along with several other counties, continue to be on the Affected Counties list to close additional businesses, including fitness centers, places of worship, indoor protests, malls, personal care services, barbershops, hair salons, and offices for non-essential sectors. You may also read Governor Newsom's updated order at [www.covid19.ca.gov](http://www.covid19.ca.gov).

Although it is our intention to be able to open our doors on August 3, 2020, it continues to be our priority to ensure the health, safety and welfare of our children, families and staff. We will continue to keep you updated should this date change due to additional orders. We encourage you to continue to participate in our distance learning through Learning Genie and the weekly "grab and go meal distributions."

Renu Hope Foundation continues to work closely with local school districts, collaboration partners and the local health departments to obtain the most up to date information regarding COVID-19 orders that may affect our intended opening date. As such, there are updates constantly as there continues to be rising confirmed cases of COVID-19 throughout many of the counties in California.

Please continue to check our website for additional updates. As we work through this together, we hope that you and yours continue to remain safe and healthy.

Sincerely,

Saovaros Diehl-Hope  
Chief Executive Officer
